product certificate TIPP-OIL Circulating Oil CL 220

#### Description of the

A mild additive and therefore particularly suitable for old machines

Good wear protection

Inhibits rust and corrosion formation and protects against non-ferrous metal corrosion

Prevention of foam formation

Good water separation capacity

TIPP-OIL CL Circulating Oil 220 is manufactured from high-quality mineral oils and proven

Additives. Due to its special combination of active ingredients, it is suitable for use as simple machine lubrication where no EP-additive oils are required.

#### Instructions for use

TIPP-OIL CL Circulating Oil 220 has very good properties as a lubricant.

Therefore TIPP-OIL CL Circulating Oil 220 can preferably be used in industrial gears and circulation systems with low and medium loads, where lubricating oils are prescribed according to DIN 51517-2.

#### Quality Classification

specifications

DIN 51517-2 (CL)
