product certificate
TIPP-OIL Classic 30 SA

Description of the

TIPP-OIL Classic 30 SA is an unalloyed all-season engine oil, the composition of which has been specially adapted to the requirements of vintage vehicles without oil filters. Suitable for petrol and diesel engines, which were developed for monograde oils of their time. Due to the carefully selected base oils, TIPP-OIL Classic 30 SA is particularly resistant to oxidation, non-foaming and ensures less deposits and wear due to its low ash content.

Instructions for use

TIPP-OIL Classic 30 SA is particularly recommended for pre-war engines where there is no oil filter and sludge is to settle in the oil sump.

TIPP-OIL Classic 30 SA is also suitable for transmissions of classic cars and historic vehicles.

Quality Classification

specifications

API SA

TIPP-OIL Classic 30 SA has been tried and tested in practice in units with filling regulations:

-

Features & Benefits

excellent material compatibility

prevents varnishing and coking of cylinders, pistons and valves

high oxidation protection due to selected base oils

Safe lubricating film at high operating temperatures

Neutrality towards sealing materials

Excellent protection against wear, corrosion and foam formation.
