product certificate TIPP-OIL HLP AF 46

Description of the

TIPP-OIL HLP AF 46 is an optimally alloyed ash-free hydraulic oil. It has a high performance level and a wide range of applications throughout the industry. HLP AF 46 is particularly characterised by good viscosity and temperature behaviour, high ageing resistance and reliable corrosion protection.

Application note:

HLP AF 46 is suitable for all hydraulic systems and can be used universally. The use of HLP AF 46 is recommended especially for use in circulation systems, for the supply of small gears, for thermally highly loaded hydraulic systems with high-pressure pumps of all types, in sensitive control systems and for hydraulic systems in agriculture.
